ANTI-VIBRATION MAT. The Wpro Anti-vibration Mat is the perfect solution when installing your washing machine to help reduce noise and preventing it from slipping especially during a spin cycle. Its robust structure will protect the floor from scratches caused by machine movements. It is made of long-lasting recycled rubber and can withstand up to 150 kg in weight. Easy to install and suitable for all washing machines and other household appliances including air conditioning units. Dimensions: 60 x 60 cm with a thickness of 0.8 cm.

TAPIS ANTI-VIBRATION. Ce tapis anti-vibration Wpro est la solution parfaite pour permettre de réduire le bruit de votre lave-linge et empêcher de se déloger particulièrement pendant le cycle de centrifugage. Sa structure robuste permet de protéger le sol des rayures causées par les mouvements de l'appareil. Il est composé de caoutchouc recyclé durable et peut supporter jusqu'à 150 kg. Il est facile à installer et compatible avec tous les lave-linge ainsi qu'avec les autres appareils électroménagers. Dimensions : 60 x 60 cm - l'épaisseur : 0,8 cm.

ANTI-VIBRATIE MAT. De Wpro Anti-vibratie mat is de perfecte oplossing om uw wasmachine te installeren waarbij geluidshinder verminderd wordt en het slippen van de machine tijdens het centrifugeren voorkomen wordt. Zijn robuuste structuur beschermt de vloer tegen krassen die veroorzaakt kunnen worden door het bewegen van de machine. De mat is gemaakt uit duurzaam gerecycleerd rubber en kan tot 150 kg ondersteunen. Gemakkelijk te installeren en geschikt voor alle wasmachines en andere huishoudapparaten. Afmetingen: 60 x 60 cm - Dikte: 0,8 cm.

TAPPETINO ANTI-VIBRAZIONE MAT. Il tappetino anti-vibrazione Wpro è la soluzione perfetta per installare la tua lavatrice riducendo il rumore e impedendole di scivolare in particolare durante la fase di centrifuga. Realizzato in gomma riciclata a lunga durata, può resistere fino a 150 kg. La sua robusta conformazione permette di proteggere il pavimento dai graffi causati dai movimenti della macchina. Facile da installare, è adatto a tutti le lavatrici e altri elettrodomestici. Dimensioni: 60 x 60 cm - spessore: 0,8 cm.

Resumo

TAPETE ANTIVIBRAÇÃO

Características

Tapete antivibração é a solução para instalar a sua máquina de lavar roupa, reduzindo o ruído e prevenindo de deslizar, especialmente durante o ciclo de centrifugação.
